

# THE HILLBILLY 1966

MARIETTA SMITH

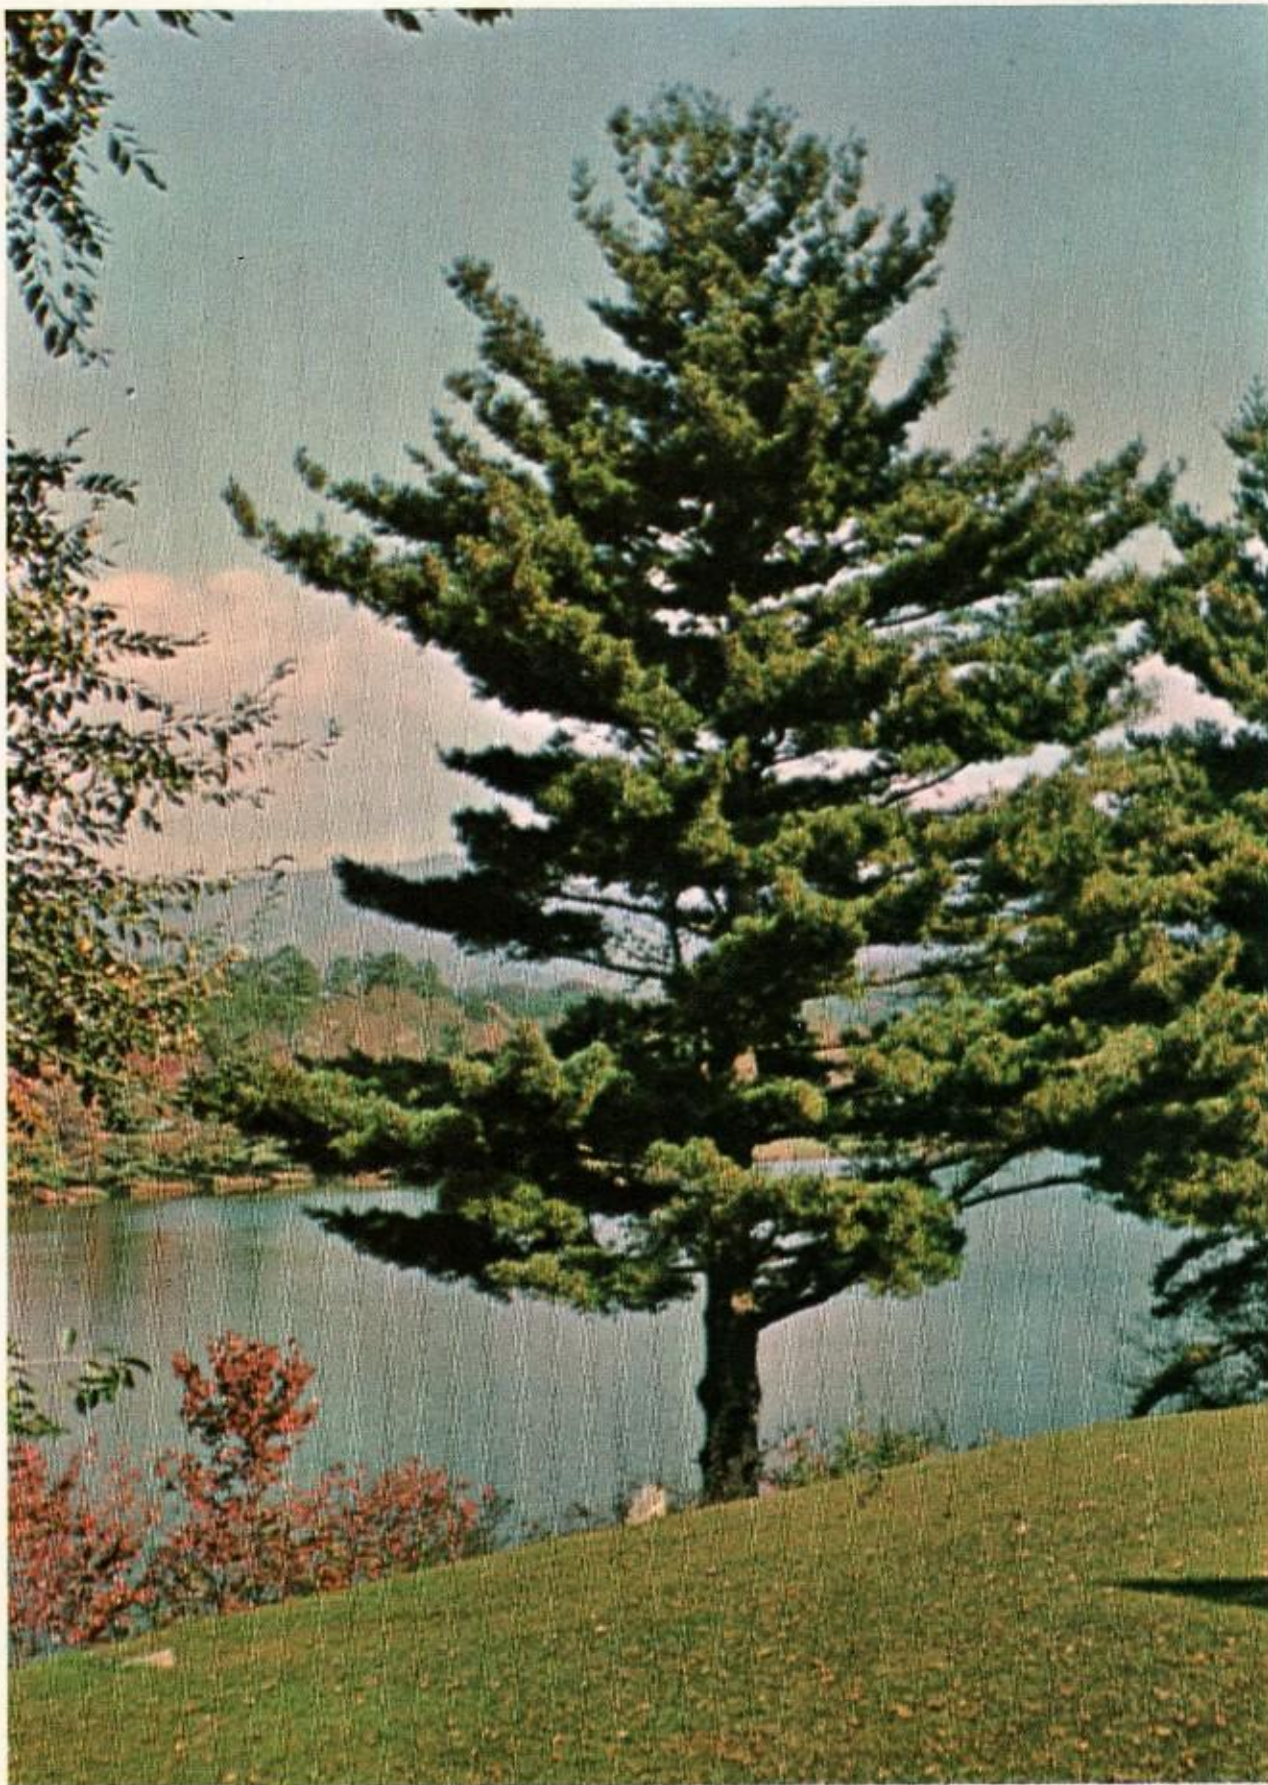

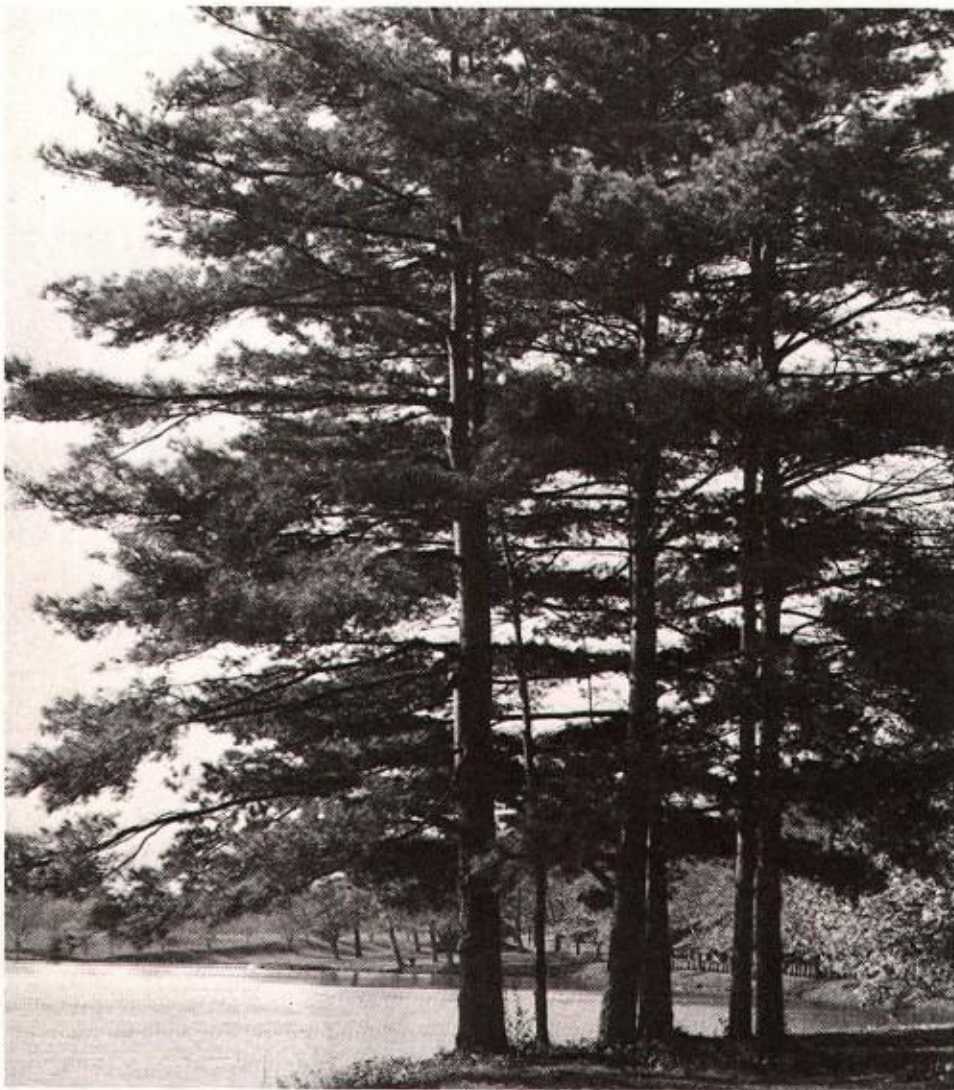

In the land of the growing pines  
We find the campus of our school  
Where the weak grow strong  
And the strong grow great.

# Faculty and Administration

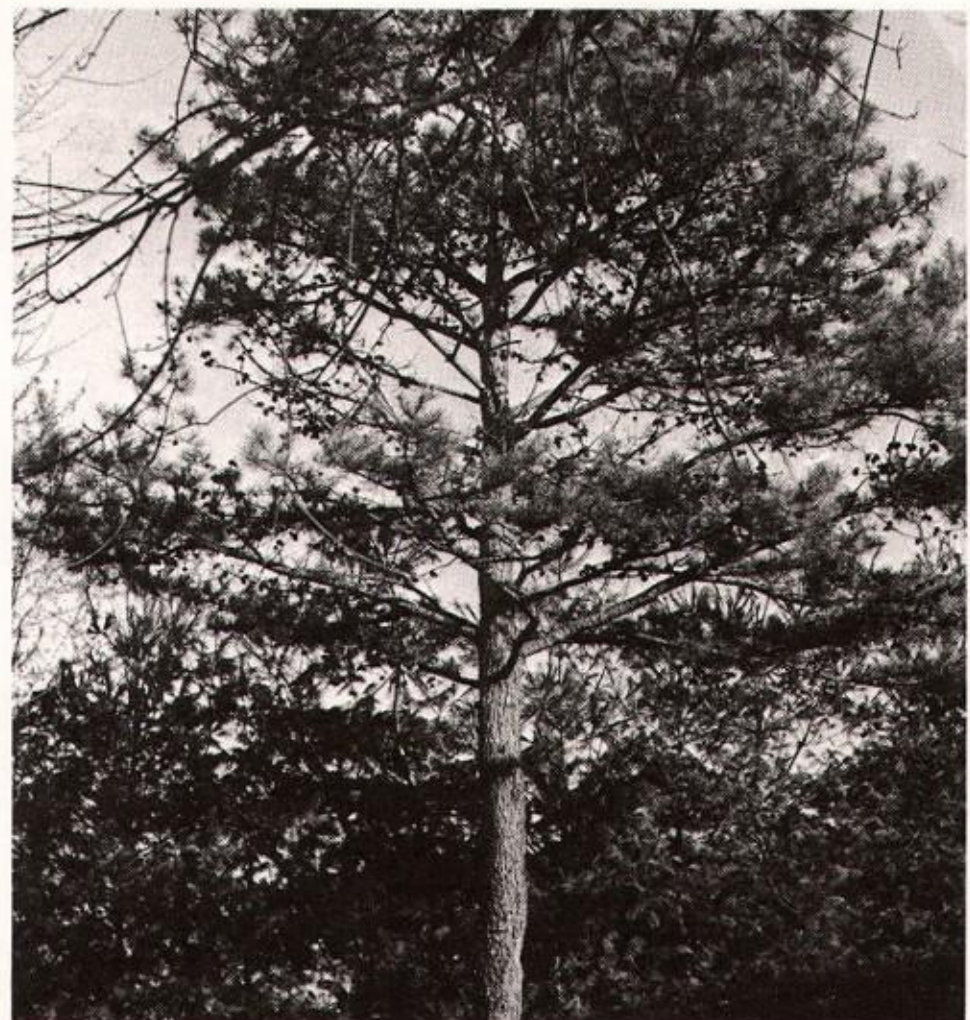

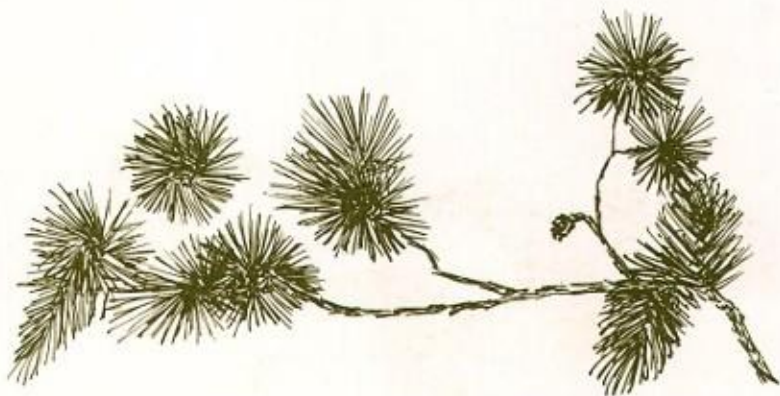

Pages 12 - 19

Another year has added a ring of growth on our pine tree, symbolic of our school. The roots depict the administration, faculty, and student government . . . the source of growth to our pine.

# Student Government

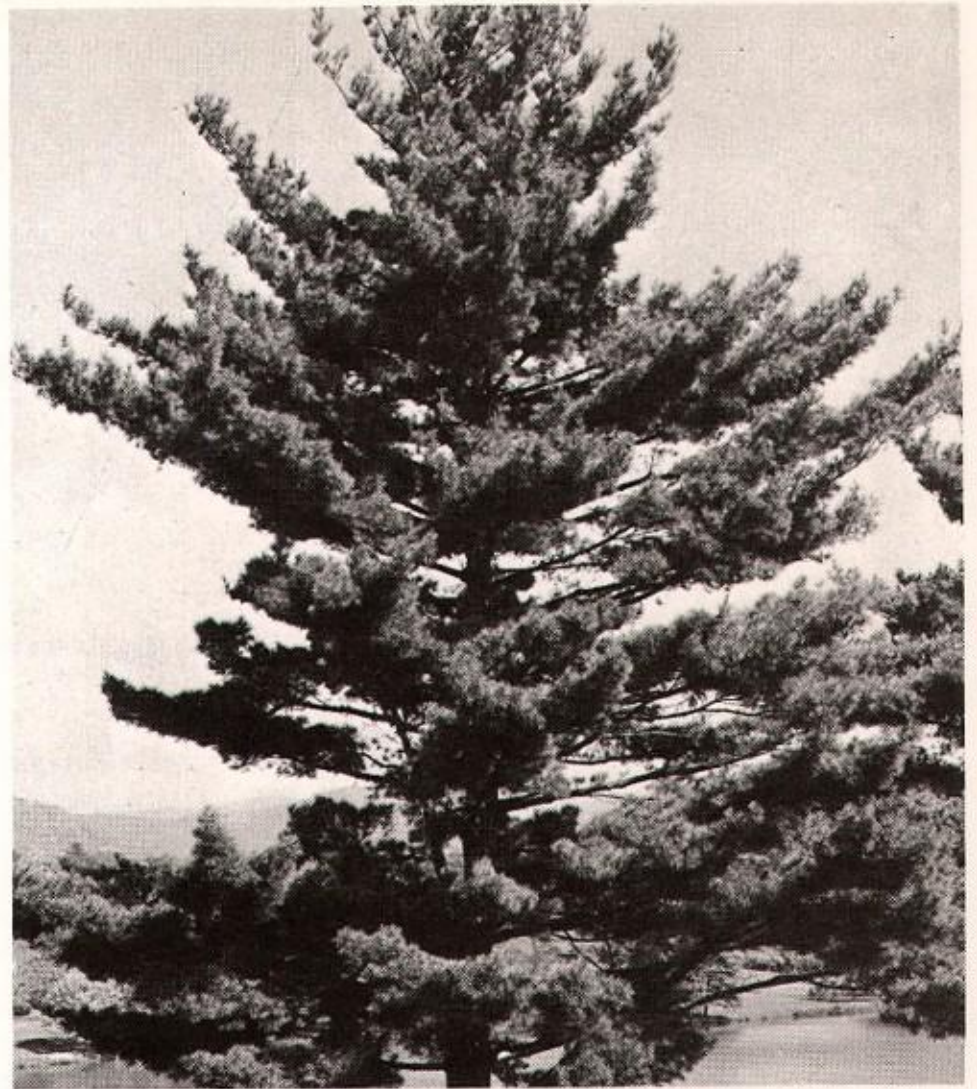

Pages 20 - 27

# Seniors

Pages 28 - 65

The school year 1965-1966 has been profitable as it has added scholastically, physically, and spiritually to the growth of our students. The long needled shaped leaves of our pine tree are labeled: Seniors, Juniors, and Sophomores.

# Juniors

Pages 66 - 79

## Sophomores

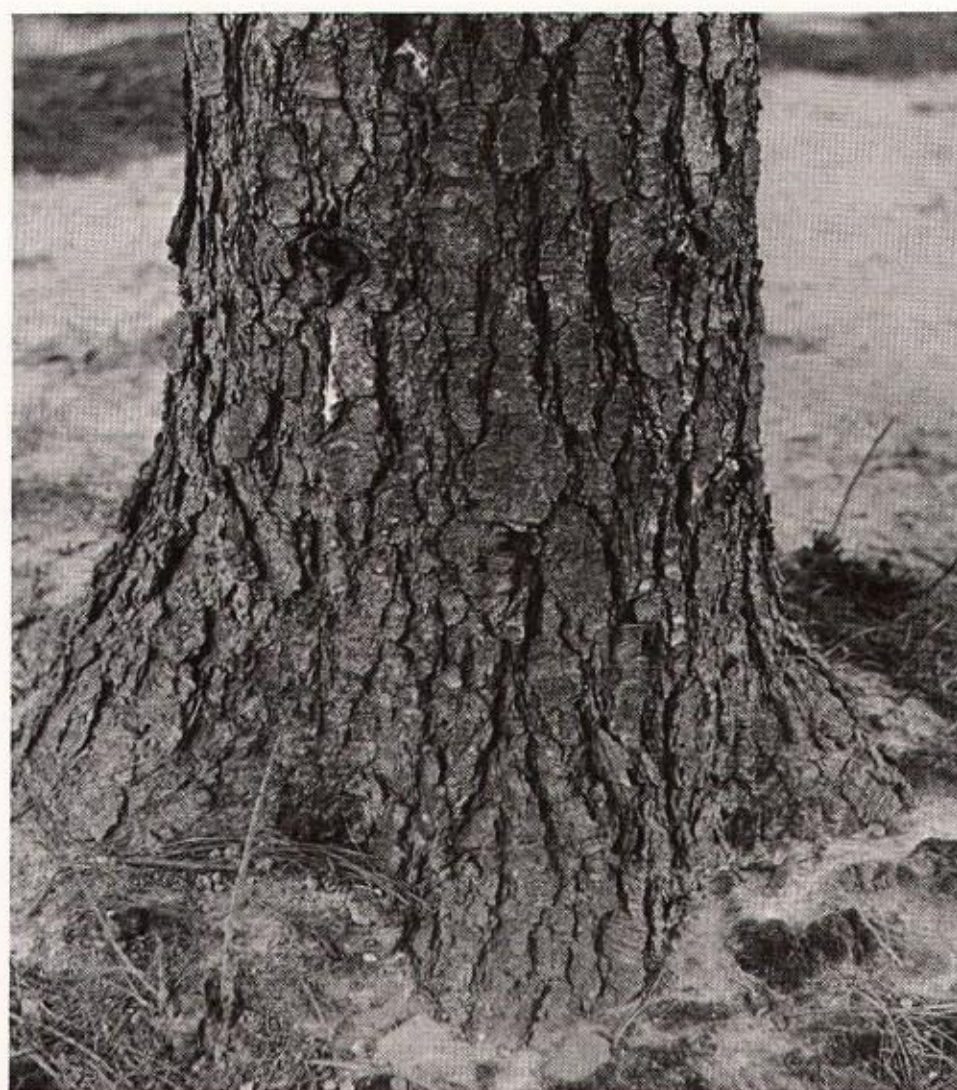

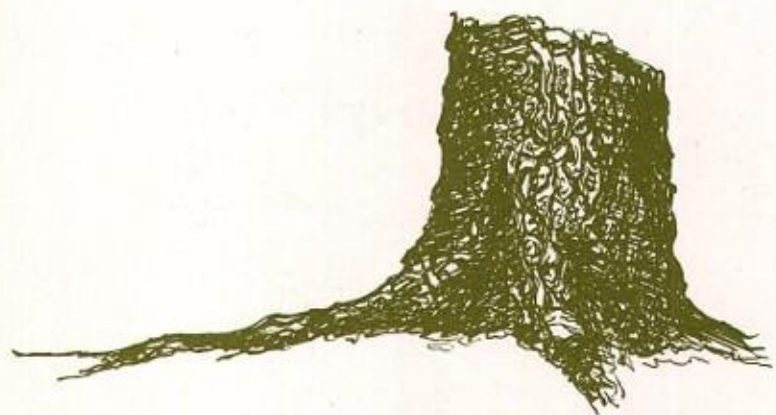

Pages 80 - 91

The base or the trunk of the tree is likened unto the supporting activities of our school . . . publications, music, and athletics.

## Publications

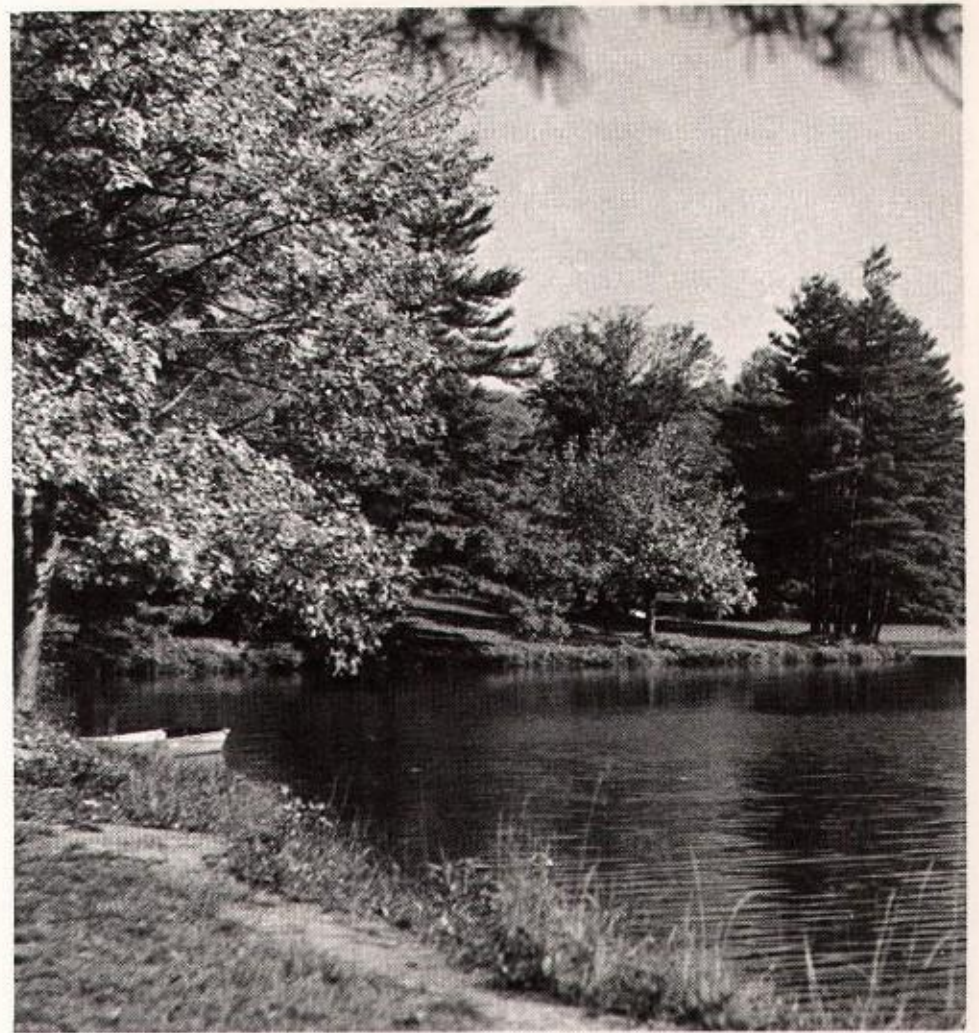

Pages 92 - 101

# Music

Pages 102 - 109

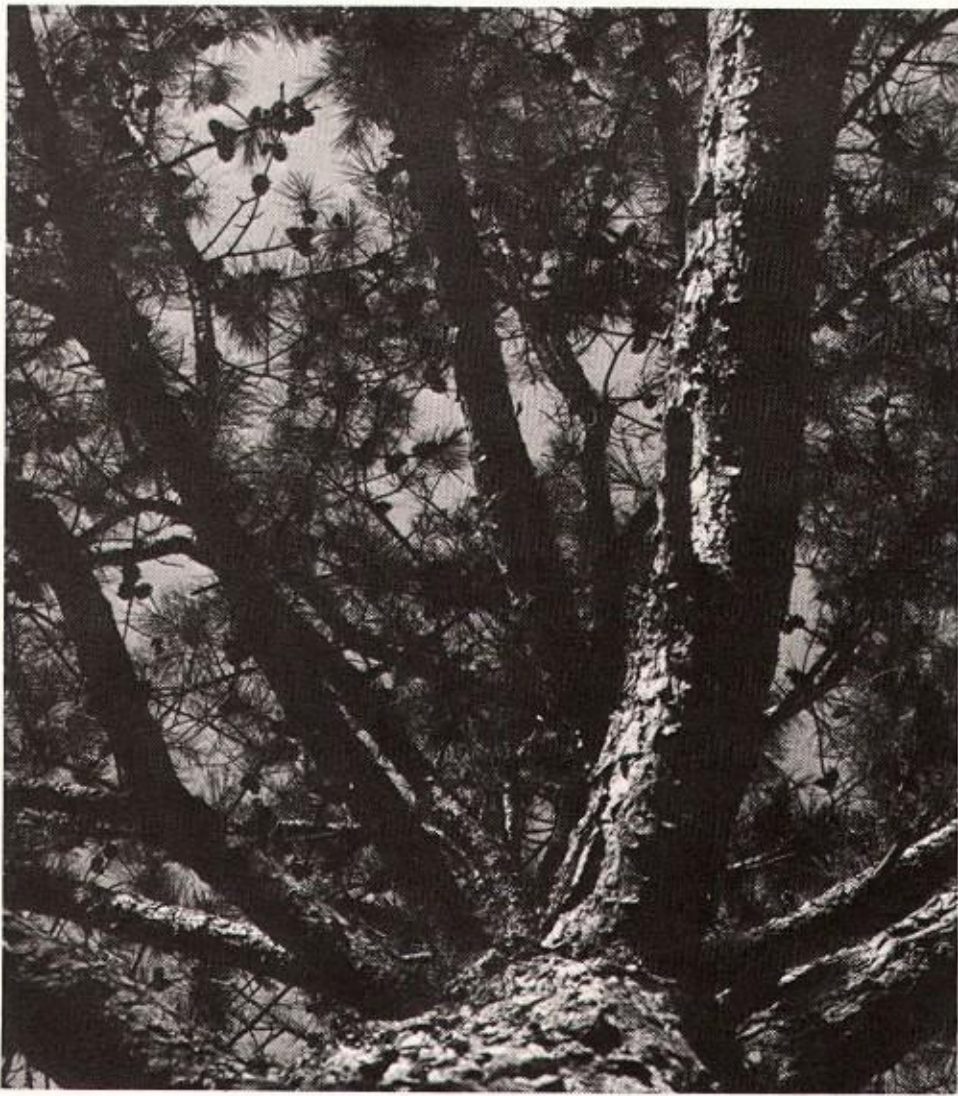

# Athletics

Pages 110 - 129

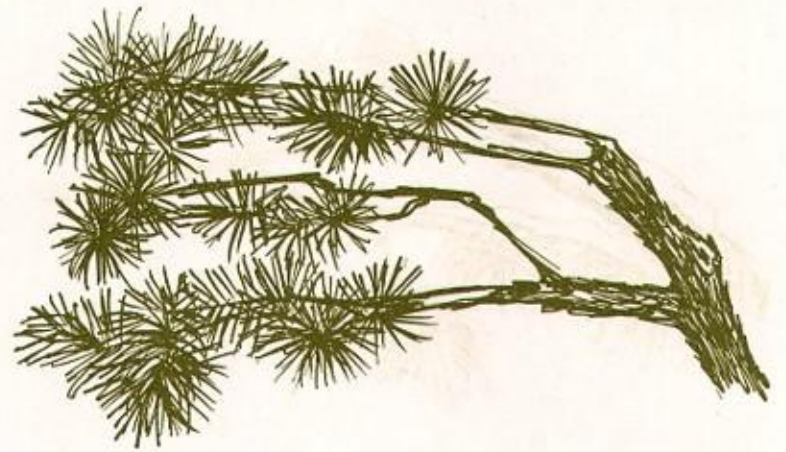

# Organizations

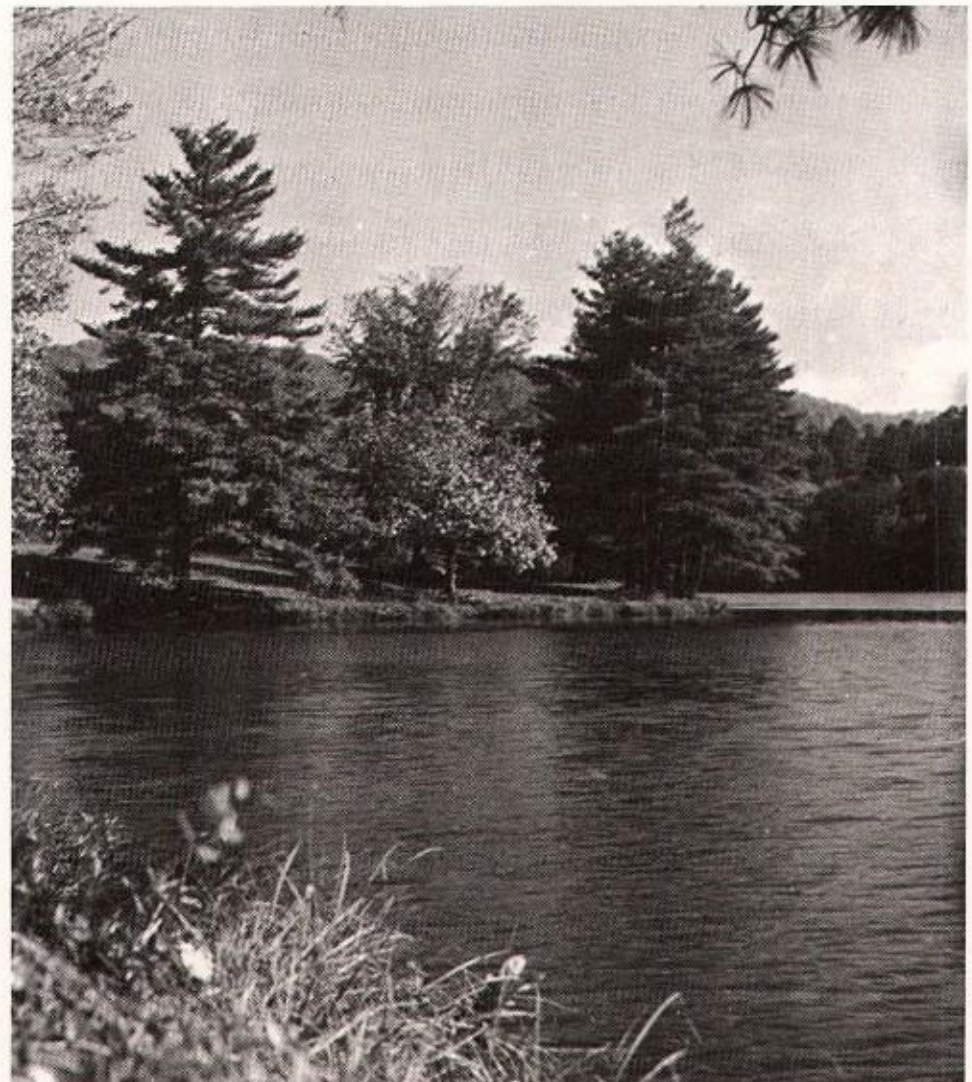

Pages 130 - 163

The limbs, branches and twigs characterize our large number of scholastic and social groups . . . a very important part . . . yet each has a part in the growth of the total pine tree.

# Vocational

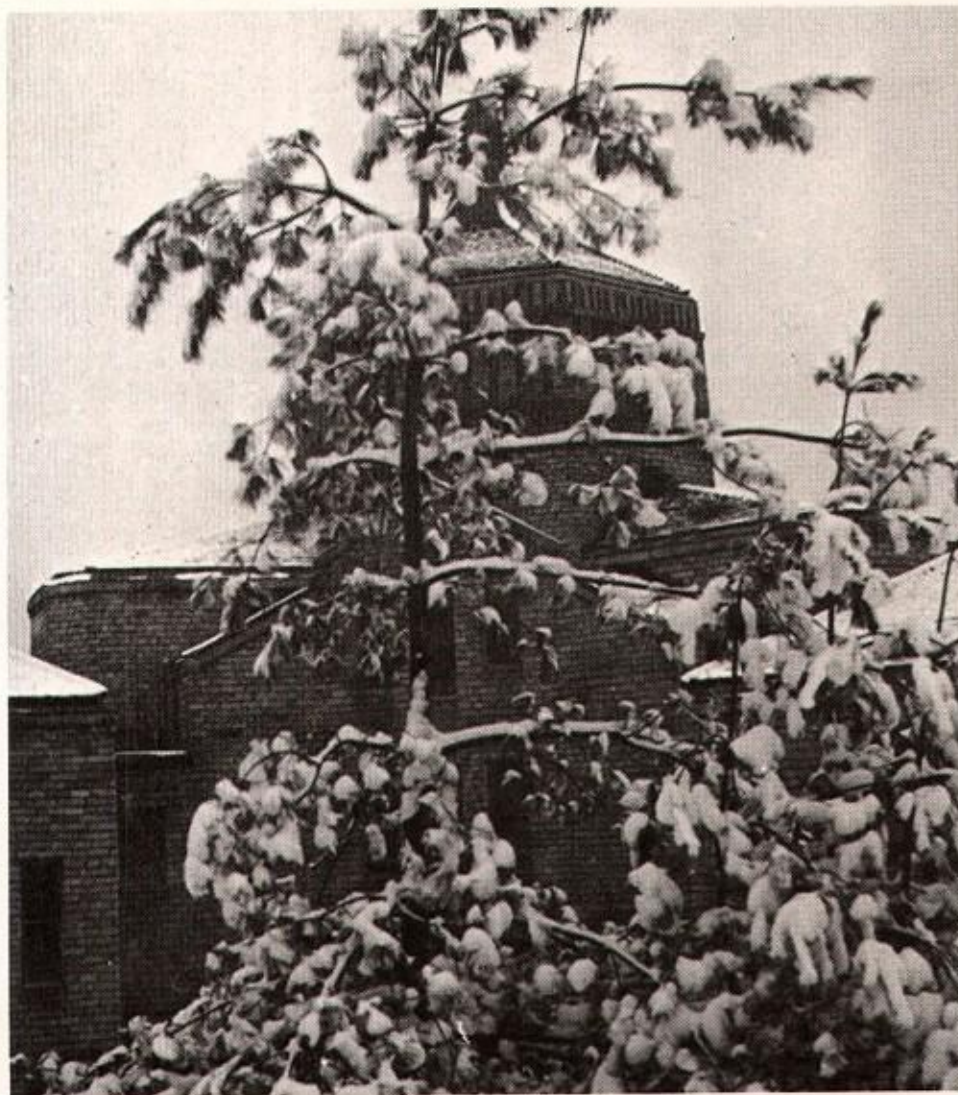

Pages 164 - 175

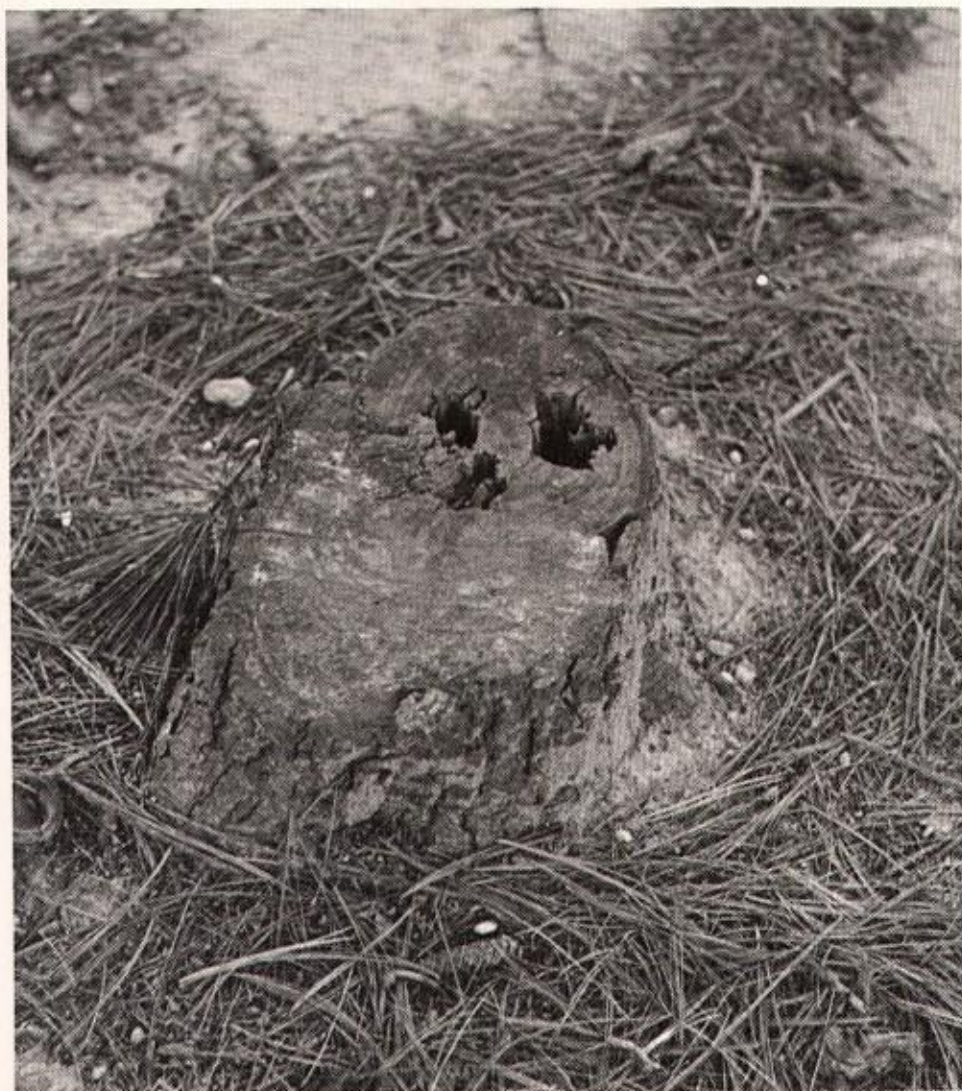

## Features

Pages 176 - 191

The tip of the lofty pine seeks the skies . . . as these individuals presented in the feature section . . . at least to each one pictured . . . a high peak in some sense . . . yet, as time moves ahead . . . memory brings us back to this day, which soon will be in the past.

I want to thank all of you for providing me the wonderful opportunity to come to this great country of yours and live a year among you. It has been the greatest thing that has ever happened to me and probably that ever will. Whatever happens to me I shall never forget Lee Edwards or anyone of you.
